THE HEBREW
UNIVERSITY
OF JERUSALEM

The Gershon Fintech Center
of the business school of the HU
is inviting you to

A Professional 4 Day Course on FinTech Analytics: Developing Data-driven Analytics and Building Businesses around them

By financial risk management expert Prof. Roger M. Stein, from NYU.
The course will be given on March 13-14th and 17-18th between 16:30-19:15
at the Mount Scopus Campus of the Hebrew University.

Basic programming skills are advantageous. Due to the large demand pre-
registration is a condition to participate.

The course will cover the following subjects:

- Credit risk modeling concepts
- Probability of default (PD) model validation
- Data driven models for default prediction
- Tree-based models
- Probability of default (PD) model calibration

For the complete syllabus of the course [press here](#).

Sign up here.

Course fees for non-Hebrew University students: 950₪
